## RELEVANT EXPERIENCE

**Deloitte Audit & Assurance -** Technology, Media, and Telecommunications      **New York City, NY**

*Senior Audit Assistant*      September 2019- January 2021

- Conducted substantive detail testing and analytical procedures for clients with assets over $250B, ensuring financial accuracy and internal control implementation in accordance with U.S. GAAP.
- Implemented Excel functions and power query to streamline processing of work papers and client financials, reducing testing procedure hours by 25% and optimizing the audit workload.
- Collaborated with the client teams to analyze financial data and perform variance analysis, leading to identification of a material >$50M error in client's GL expense account, promptly reported to management for investigation.
- Supervised and mentored 2 new team members in executing the audit approach, conducting first-level reviews of their work, and fostering a cohesive work environment within the audit team.

**KPMG Audit -** Financial Services      **Dubai, UAE**

*Audit Intern*      May 2018- July 2018

- Performed control testing and roll-forward procedures on financial statement line items like cash, operating expenses, and receivables to identify material misstatements.
- Initiated clear and effective communication between the audit team and client personnel to obtain samples and participated in walkthroughs for the client's significant classes of transactions, leading to improved audit efficiency.

- Power BI

## LEADERSHIP EXPERIENCE

**MIS 301: Business Analytics**      **University Park, PA**

*Teaching Assistant*      August 2018-May 2019

- Developed course materials and examination questions, focusing on database usage and advanced spreadsheet management for data analysis, offering students real world examples to enhance their learning outcome.
- Mentored students by reviewing all assignments and sharing valuable feedback to ensure student success in the course.

**SMEAL Student Council**      **University Park, PA**

*Vice President of Development*      January 2018- December 2018

- Developed a new atrium seating plan for the Smeal business school that was approved and implemented by the Dean, allowing for a more functional study space for the large student body.
- Oversaw budgeting and forecasting for the development committee's initiatives, optimizing resource allocation to support the Smeal community's career and academic pursuits
- Engaged with the Dean in monthly meetings to discuss new projects and events aimed at improving the student experience.

## PROJECTS

**Investors' Insights - Profiling Top-Earning Airbnb Properties in NB, Canada**      **August 2023**

- Utilized SQL queries and Tableau to identify top-performing listings based on city-specific average annual revenue.
- Performed textual analysis using Python and NLTK stopwords to extract valuable insights from listing descriptions and reviews, such as the most frequently offered amenities, and a word cloud for guest sentiment.
- Empowered investors with insights for profitable property selection, amenities to offer, and layouts, leading to above average rental revenue and profitability in a competitive market.
